

PRODUCT NO.: 6042

Weigh Boat, Anti-Static, 3.5 x 3.5 x 1", Medium, Black

Description: Anti-static disposable polystyrene weight boats are flexible for handling liquids and solids. Square with stable rounded bottom, smooth surface and contoured sides.

*Weigh boats contain carbon black pigment and are not recommended for use with oils.

FEATURES:

-  Easy pour spout
-  Boats are shallow with a wide, flat bottom to resist tipping
-  Rounded corners simplify transfer
-  Product is resistant to dilute and weak acids, aqueous solutions, alcohols, and bases
