

PRODUCT NO.: 7778

Applicator Accessories, Topi-Click Filling Station Nozzle and Plug

Description: Nozzle can be attached to any sized Samix jar to allow for simplified and controlled dispensing. Helps to fill long and narrow dispensing devices while avoiding the creation of air bubbles in your preparation.

Features:

- Fits any sized Samix jar, for enhanced "bottom-up" filling of containers & dispensing devices
- Plug included to stopper the nozzle when not in use
- Inexpensive & reusable
- Easy flow for thicker formulations
