|                      | Mixture (Not applicable)   | Not applicable | Not applicable | Not applicable |  |  |  |  |  |  |
|                      | There are no additional ingredients present which, within the current knowledge of the supplier and in the<br>concentrations applicable, are classified as health hazards and hence require reporting in this section. |                |                |                |  |  |  |  |  |  |

NOTES

CM GLUCAN H is a modified water-soluble polysaccharide derived from cell walls of baker's

yeast (Saccharomyces cerevisiae).

Non-hazardous ingredients: Sodium Carboxymethyl Betaglucan; 9050-93-5; 2% Pentylene Glycol; 5343-92-0; 10% Water; 7732-18-5; 88%

\*Proprietary: Ingredients indicated as hazardous have been assessed under standards for workplace safety. In accordance with 29 CFR 1910.1200, the exact percentage composition of this mixture has been withheld as trade secret.

### **SECTION 4: FIRST-AID MEASURES**

| IN CASE OF EYE CONTACT                     | Flush with copious amounts of water for 15 minutes, separating eyelids with fingers. If irritation persists seek medical aid.  |
|--|--|
| IN CASE OF SKIN CONTACT                    | Not expected to be a hazard under anticipated conditions of normal use. Wash with soap and water if irritation occurs. Seek medical attention if irritation develops and persists.                   |
| IF SWALLOWED                               | Call a physician. Wash out mouth with water. Do not induce vomiting without medical advice.  |
| IF INHALED                                 | Not expected to be a hazard under anticipated conditions of normal use. Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Call a physician |
| MEDICAL ATTENTION AND SPECIAL<br>TREATMENT | Get emergency medical help.  |
| SYMPTOMS CAUSED BY EXPOSURE                | Not expected to present a significant hazard under anticipated conditions of normal use.   |

### **SECTION 5: FIREFIGHTING MEASURES**

| SPECIFIC HAZARDS ARISING FROM<br>THE CHEMICAL | Not applicable  |
|---|---|
| FLAMMABLE PROPERTIES                          | May be combustible at high temperature                  |
| HAZARDOUS COMBUSTION PRODUCTS                 | Under fire conditions, hazardous fumes will be present. |

SUITABLE & UNSUITABLE EXTINGUISHING MEDIA

PROTECTIVE EQUIPMENT AND PRECAUTIONS FOR FIREFIGHTERS Small fire: dry chemical, CO<sub>2</sub> or water spray. Large fire: dry chemical, CO<sub>2</sub>, alcohol resistant foam or water spray. Do not get water inside containers.

Wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes.

## SECTION 6: ACCIDENTAL RELEASE MEASURES

| PERSONAL PRECAUTIONS                  | Wear respiratory protection. Avoid breathing vapours, mist or gas. Ensure adequate ventilation. Evacuate personnel to safe areas.  |
|---------------------------------------|--|
| METHODS & MATERIAL FOR<br>CONTAINMENT | On land, sweep or shovel into suitable containers.   |
| CLEANUP PROCEDURE                     | Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Wear respirator, chemical safety goggles, rubber boots and heavy rubber gloves. Stop leak if you can do it without risk. Prevent entry into waterways, sewers, basements or confined areas. Shut off all sources of ignition. Evacuate the area. If necessary, employ water fog to disperse the vapors. Absorb the matter with compatible vermiculite or other absorbing material. Place in a suitable container and retain for disposal. Ventilate and clean the affected area. Do not flush into sewerage system or to drains. |
| REFERENCE TO OTHER SECTIONS           | See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.   |

## **SECTION 7: HANDLING AND STORAGE**

| PRECAUTIONS FOR SAFE HANDLING | Do not inhale. Avoid contact with eyes, skin and clothing. Avoid prolonged or repeated exposure. Wash thoroughly after handling. Store away from incompatible materials, in a well-ventilated area. Eliminate all sources of ignition. Store in accordance with local regulations. Do not store in unlabeled containers. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Use appropriate containment to avoid environmental contamination. |
|-------------------------------|---|
| CONDITIONS FOR SAFE STORAGE   | Store away from incompatible materials, in a well-ventilated area. Eliminate all sources of ignition. Store in accordance with local regulations. Do not store in unlabeled containers. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Use appropriate containment to avoid environmental contamination.  |
| STORAGE CONDITIONS            | Store in original container, tightly sealed, protected from direct sunlight and moisture  |

#### STORAGE CONDITIONS

Store in original container, tightly sealed, protected from direct sunlight and moisture.
